The sea gulls killed in the Ohio river in front of the city several weeks ago have been mounted and now adorn the backstand of Ed. and Bill. They are beautiful specimens of the genus larus, with long, narrow wings and a straight beak hooked at the tip.

Mrs. Robert L. Barnes is critically ill with pneumonia at her home in Millersburg. Mrs. Barnes is a daughter of the late James Gault of Washington, and a sister of Mrs. Thomas L. Best and Messrs. W. W. and C. C. Gault of this county.

MISS PEARL SMITH.

The many friends of Miss Pearl Ingles Smith will be pained to learn of her death, which occurred at 3 o'clock yesterday afternoon at the home of her uncle, Mr. John T. Smith, in Forest avenue.

She had been ill ten days, her death resulting from appendicitis and heart trouble.

Miss Smith was the daughter of the late Mrs. Margaret G. Smith, who died suddenly on Easter Sunday of last year. The death of the daughter occurred on the fifty-first birthday of her mother.

Miss Smith was 27 years of age and was one of the city's worthiest young ladies. She was a devoted member of the Third Street M. E. Church, a consistent Christian and one who in her daily life exemplified the teachings of her Master.

The funeral will take place at 2 o'clock tomorrow afternoon from the residence of Mr. Smith, the Rev. M. A. Banker conducting the services.

FORTY APPLICANTS

For the Principalship of the Maysville High School

Mr. D. S. Clinger of Manchester, O., was here Saturday looking after his fences in regard to the Principalship of the Maysville High School.

In this connection it may be stated there are forty applicants for the place and they represent almost as many different states.

Some have college degrees, some have scholarships, some have medals, some have certificates and some have only sounding brass behind them.

When the time comes for the School Board to make a selection they will certainly have a job lot from which to choose.

It is to be hoped that the Board will not be flim-flammed, and that whoever it may be he will be made of the real stuff—capable and worthy in every particular.

ANOTHER BAD GUESSER

Lady Who Predicted Clear Weather Provoked Heavy Rain

Mr. Frank Miller is a lover of the beautiful, and especially so of the heavens with its sublime sunsets and manifold panoramic views of the night.

Friday night, while standing at his gate scanning the ever changing scene and absorbed in the mysteries of the handiwork of an unseen hand, a lady friend, who is of the same turn of mind, called his attention to a ring that encircled the moon and of eleven stars within the prescribed limit.

The lady remarked to Mr. Miller that it was an unfailing sign that it would not rain for eleven days.

About three hours later the floodgates of heaven were opened and enough water descended to serve all practical purposes for eleven days or more.

As a weather prognosticator Frank's lady friend is no better than Bessier or the goose-bone.

PAIR OF OLD ONES

Two Local Toughs Again Indulge in Hold-up and Robbery

Saturday night about 7:30 o'clock Zeke Smith and Pud Wilburn decoyed Robert Vincent of the Minerva neighborhood into an alley in the West End, knocked him down and robbed him of his pocket-book containing \$4, and a penknife.

Smith was arrested by officer Ryan and brought before Chief Donovan, who recognized him as an old offender.

Wilburn escaped.

Both men are desperate characters, having served time at Frankfort.

Smith said this was his first visit here in four years, and by the time he gets through with the little matter now on his hands it will likely be another four years before he will have the privilege of again promenading the streets.

He broke Jail here seven years ago but was captured in Ohio, brought back and convicted and sent up to Frankfort.

The Chief is doing good service in rounding up these strong-arm gentlemen and making this city too warm for them as an abiding place.

By its latest survey, Dover, East and West, now extends one mile and 406 feet.

Joseph Allen, formerly of Robertson county and a member of the Sixteenth Kentucky, died recently at his home in Parsons, Kas. His second wife was Miss Martha Galbraith of Murphysville.

The Blade says Paris C. Brown, formerly of Otway, O., but now of this city, has written to Portsmouth asking for a proof of his marriage, which had occurred March 34, 1893, but of which, according to Court records, through some one's neglect, no certificate had ever been returned.

FRONK.

Born, at Paris, to Mr. and Mrs. Pearl Fronk, formerly of this city, a daughter.

The time for tree planting should not be allowed to pass unimproved. It is a simple way to promote comfort and health, to beautify your city and your home. The world is much better and happier for the man that plants trees.

Dee Valandingham of Science Hill has accepted the position as operator in the night office at the Cincinnati Southern Depot at Danville, following the assassination of William Rucker, the former operator. The railway company has advanced the salary \$10 per month and provided a bodyguard.

Colds Cause Pneumonia.

One of the most remarkable cases of a cold, deep seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fearer, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength. Sold by J. Jas. Wood & Son, Drugists."

Wakeful Children.

For a long time the two-year-old child of Mr. P. L. McPherson, 50 N. Tenth street, Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by J. Jas. Wood & Son.

WHAT now bothers THE LEDGER is to know if HARVEY PARKER is Mayor of Vanceburg or Beckham county? If so, how much?

If, during the scrimmage in the Far East, the Missionaries find Korea a little too hot for them, they might do some good work at Springfield, O.

BOTH Kentucky's Senators voted against the confirmation of Doctor Jai Alai Wood to be Major General in the Army. That much to their credit, anyway.

BETWEEN unraveling the Beckham county Ohio-Kentucky tangle, and regulating Auditor's Agent LUCAS the Bank tax suist, there promises to be a busy time at Frankfort.

WITH a fee of \$15,000 for the Assignee and \$8,000 for the Attorney in settling the Phoenix Brewing Co.'s affairs in Louisville, it looks like the creditors would get only the foam.

AUDITOR'S AGENT LUCAS, who brought all those suits against the State Banks, and whose action Auditor HAGER has repudiated, has hurled a defi at the latter. This looks like a case of tail wagging the dog.

WHAT a powerful thing the Legislature has become when it can wipe out whole counties, with all their duly elected officials, without asking the permission of a single citizen. It wasn't that way before Kentucky was poisoned by the Goebel virus.

THE Court of Appeals and Judge CANTRILL'S Court can escape a tremendous responsibility by turning the Caleb Powers case over to the Supreme Court of the United States. The decision of that Court would probably satisfy everybody in the country—in any event they would have to be satisfied with it.

DANIEL J. SULLY the "Cotton King" has gone the way of all "plungers." He made a few millions one day, and went dead broke the next. It is well; for when a man is powerful enough to create fictitious values for imaginary crops, it is time to crush him, lest he crush thousands of others.

A WASHINGTON dispatch to The Louisville Times, noting the return of Senator BLACKBURN from Kentucky, gives that gentleman's views on state politics after this fashion—

"There is a widespread suspicion, if not a conviction," said Senator BLACKBURN, with reference to the local political situation, "that there is an organization among the Kentucky Democrats in the nature of a machine that has lately been dominating the policies of the party, and I might add that there is an equally widespread purpose to see that it no longer controls the Democratic party in Kentucky. This is the question that rises above all others in importance, and the question that the coming State Convention will have to settle. It had as well be understood once for all that if there is to be a Democratic party in Kentucky it must be a clean one, without the taint or smell of machine rule. Machines may flourish in Pennsylvania, New York and some other states, but the atmosphere of Kentucky is not suited to their growth. No man or set of men have ever been able so far to employ such methods successfully in Kentucky, nor has the time yet come when it can be done. The coming State Convention will be called upon to restore the control of the Democratic party directly to the people. This will be insisted upon. The issue will be squarely presented in no uncertain terms, and upon its settlement depends the retention of Kentucky's affairs by the Democratic party. "If the people are not to control," concluded Senator BLACKBURN, "the Democratic party cannot retain its power in the state, and does not deserve to. There will be no fighting under cover. It will all be in the open."

Amen!

But doesn't this sound strange, coming from the lips of the same gentleman who declared from the stump, in the Goebel-Taylor campaign, that "if there is to be any stealing in Kentucky this year, we will see that the Republicans don't do it?"

TEST TO BE MADE

Judge Harbeson To Decide Item of Costs in Magistrates Court

The matter of costs in a Magistrate's Court has been a subject of frequent discussion here of late.

It has been defended by the Magistrates and abused by the fellow called upon to foot the bill.

The attention of THE LEDGER has been called to three cases in Squire Dreese's Court of recent date that call for an explanation.

It seems that three prominent citizens of the Sardin neighborhood became embroiled in an altercation.

Not wishing publicity and notoriety they appeared in the Squire's Court and plead guilty to a breach of the peace.

They were taxed \$12.05 in each case, \$5 of the amount going to the County Attorney.

There is no law justifying the Magistrate to collect \$5 for the County Attorney unless he is present and prosecute; on the contrary, the Kentucky Statutes say he is not entitled to any fee for services not actually rendered.

It further says one illegal charge makes the whole bill void.

We understand one of the cases is to be taken before Judge Harbeson for solution.

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by J. Jas. Wood & Son.

Republican Congressional Convention Called For April 26th

The Republican Committee for the Ninth Congressional District met at Vanceburg Saturday.

Mass Conventions for each county are called for April 23d at the county seats to select delegates to the Congressional Convention which will be held at Maysville on April 26th. At this Convention Delegates will be selected to attend the State Convention.

A special from Vanceburg says the opinion prevailed among the Committee that ex-Congressman S. J. Pugh will be nominated at Maysville.

It is not known that he is a candidate or will accept, as he is a candidate for Delegate to the Chicago Convention, and Lewis county has another candidate for Delegate in the person of Colonel W. C. Halbert.

The New South, owned by the Memphis, New Orleans and Cincinnati Packet Company, now at New Orleans, may be brought to Cincinnati for the up-river trade.

Three good tows of coal left Pittsburgh Friday—the Clyde, with 6 boats and 1 flat. She was assisted by the Eleanor, which had 5 boats and 1 flat. The Tom Dods worth with 10 boats, 2 barges, 4 flats and 2 model barges, and the Fred Wilson with 12 boats and 6 barges.

These Ohio river appropriations, less than \$1,000,000 for improvements, have just been granted: Dams Nos. 13 and 18, below Wheeling, \$593,000; No. 37, at Cullom's Riffle, below Cincinnati, \$250,000. Work on this, under the supervision of Colonel Garrett J. Lydecker, will begin as soon as the river recedes sufficiently. Dam No. 8, near East Liverpool, and No. 11, near Steubenville, each \$50,000, making a total of \$943,000. Allowances for ordinary repairs and maintenance will be about the usual sums.

The wives of Siamese noblemen have their hair cut in pompadour style. It is usually about one and one-half inch in length and sticks up straight, like the hairs in a blacking brush.

Brazilians are great coffee drinkers. Numerous cups are drunk each day by the average man and woman. The beverage is made very strong and very sweet. It produces an exhilaration of a more intense and lasting kind than beer. Those addicted to this habit become very restless and scarcely able to sit still or stand still even for a moment.

A CRAZY MAN

FOUND EATING AN EGG, SHELL AND ALL.

Rational people thought it was awful, as the shell had no food value, and was, of course, indigestible and injurious.

It is just as crazy for rational people to swallow a lot of cod liver oil, to get the medicinal curatives from it, as it was for the crazy man to eat the egg, shell and all.

Modern science has proved that the oil, or greasy part of cod liver oil, has no value whatever, and only upsets the stomach and retards recovery. It is the medicinal elements which are enveloped in the cod liver oil, of which there are about fifty, that represent all the tonic and curative power of the famous old remedy.

A preparation containing all the medicinal curative elements of cod liver oil, actually taken from fresh cods' livers, but entirely free from oil or grease, must, therefore, be the very best tonic reconstructer possible. Such is Vinol. It positively does contain every one of the fifty odd medicinal curative elements of cod liver oil, fresh and sweet, just as the egg shell contains the nutritious food, and we throw away the useless, indigestible oil, just as you throw away the egg shell.

Knowing its wonderful medicinal and curative power, we guarantee to restore health and strength to the following or refund their money without question:

Run down, debilitated, tired, overworked people; old people, weak women, nursing mothers, puny, ailing children, convalescents, or to people suffering with hard colds, hacking coughs, incipient consumption and bronchitis. Vinol never fails to make rich, red blood and give strength to the weak and health to the sick. Try it on our guarantee. If it doesn't do you any good it won't cost you a cent. J. C. PECOR, Druggist.

The average price at the mine for a ton of anthracite of 2,000 pounds throughout the United States was \$1.41 in 1898, \$1.49 in 1899, \$1.67 in 1901 and \$1.96 in 1902.

"DO IT TODAY."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY, and let that remedy be Dr. Bo-schee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure, as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. For sale at Henry W. Ray's Postoffice Drugstore.

The Price \$430

According to promise, we placed in the Southwest show-window of Messrs. John I. Winter & Co.'s store our finest Eber-sole Piano Saturday, March 26th, at the lowest price we have ever named upon this style, viz. \$450. The piano was not sold Saturday, and according to promise we reduce it today to \$430, and pledge ourselves to reduce the price of this piano each and every day until the sacrifice is stopped by some one buying the instrument.

We hope the good people of Maysville will give this matter their attention and not allow this superb instrument to be sacrificed. However, we intend to make our pledge good.

The piano will remain in this window and be reduced \$20 each and every day until sold.

Please keep your eye upon this space, and also remember to look in the show-window.

The Cause of Many

Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
